Reviews

This publication is wonderful. I have got study and so i am confident that i am going to likely to read once again once more down the road. Its been designed in an exceedingly straightforward way which is only soon after i finished reading this ebook by which actually altered me, change the way i think.

University Press of New England, United States, 2015. Paperback. Book Condition: New. Reprint. 234 x 152 mm. Language: English . Brand New Book. Trespassing, a thoughtful, beautifully written addition to environmental and regional literature (Kirkus Reviews), is a historical survey of the evolution of private ownership of land, concentrating on the various land uses of a 500-acre tract of land over a 350-year period. What began as wild land controlled periodically by various Native American tribes became British crown land after 1654, then private property under US law, and finally common land again in the late twentieth century. Mitchell considers every aspect of the important issue of land ownership and explores how our attitudes toward land have changed over the centuries.
