Brand New Book ***** Print on Demand *****.This CRS Report, updated through the 113th Congress, discusses policy issues regarding military-to-military (mil-to-mil) contacts with the People s Republic of China (PRC) and records major contacts and crises since 1993. Skeptics and proponents of military exchanges with the PRC have debated whether the contacts achieve results in U.S. objectives and whether the contacts contribute to the PLA s warfighting capability that might harm U.S. and allied security interests. Some have argued about whether the value that U.S. officials place on the...
