By Friedrich Theodor Frerichs

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Clinical Treatise on Diseases of the Liver, Vol. 1 of 3 With the present Clinical Treatise on Diseases of the Liver, it is intended to commence a series of Works which shall contain the results of my clinical experience and pathological observations. The manner in which I propose to treat the subject, will appear from the works themselves; and it therefore seems needless to discuss this any more in detail at present; it is only necessary for me to make a few brief explanatory remarks. At the present day, it is agreed, that the science of life is undivided, and that no real defined limits exist between the varying phenomena of health and disease, but that both are governed by the same laws. We endeavor to investigate the conditions under which disease takes place in the same rigidly empirical manner, that we study the general vital processes of which disease is merely a fragmentary constituent. In addition to simple observation at the bedside of the patient, we have recourse to the assistance of physical,...
