Brand New Book ***** Print on Demand *****.THIS book presents in brief and excellent form the general principles of the law of Torts. The industry and judgment of the author are apparent, not in the matter of the work, which is almost wholly non-original, but in the choice and arrangement of the material. Almost every statement is quoted verbatim, with appropriate quotation-marks and references, from decisions in leading cases or the commentaries of well-known authors. One might expect to find the effect thus produced fragmentary, and to be impressed by the absence of coherence and logical sequence; but so skillfully has Professor Erwin done his work as weaver and so aptly has he supplied the necessary links of connective and explanatory sentences, that the book is not only an orderly treatment of the leading topics in the law, but it is distinctly readable as well. The analysis follows that which has been commonly adopted in larger and more pretentious text-books: treating first the general considerations involved in all cases of tort, and taking up then the specific classes of wrongs ex delicto for which the law gives redress. The general discussion includes a statement of principles which might be grouped with equal or greater logic under other headings in the law, such as the rules governing the liability of a principal for acts of his agent, the fellow servant rule, the liability of corporations for torts intra and ultra vires, and the survivorship of actions for personal injuries; but these rules, though dependent upon principles not inherent in any theories of tort, are of such frequent and necessary application in tort cases that their treatment in commentaries on the law of Torts is as reasonable...
